YET ANOTHER IMPORTANT ANNOUNCEMENT

Do you recall (as I do) a special inside front cover of CARtoons? This particular inside cover was a cartoon of me (good ol' Den-Den) explaining to you, the reader, that we were making a change in scheduling. Remember? Good, because I'm back again with yet another (sigh) important announcement. CARtoons has been published as "The Best of CARtoons" and "CARtoons" Both titles were basically one in the same thing. 96-pages with an iron-on and some reprinted work. Well, gangeroonies, all that is changing, again. As of next year (1979 for those who have trouble remembering what the next year is,) we will be presenting a new format which we feel will be more toward your liking. So, here's what 1979 holds in store for you (and me, considering I gotta do it): CARtoons will be a 64 page bi-monthly magazine. For those who are not that hip on publishing talk, bi-monthly means once every two months. It will contain all the things that you are used to seeing (contests, It's Your 15¢, Corresponding Erica, Side Show, Krass & Bernie). It will not and I repeat NOT contain any reprinted work. It seemed like a good idea at the time, but wasn't met with too great a response. Now here's the part we think you'll really dig. In each issue you will find not one iron-on but TWO! Yes, your eyes are not playing tricks on you. TWO count'em two iron-ons in each issue. The price tag on all this? 1.50 an issue (a mere bag of shells). So, group, let's hear from you about how you like our bi-monthly set up and if you should have any trouble finding CARtoons in your area, please drop us a line and we will see just what we can do about it. See you all next year.

Letters to this column should be addressed to: It's your 15¢/Quick
Irving 8490 Sunset Blvd. Los Angeles, Ca. 90069

I've been reading your mag for two years now and I still can't tell when it is going to come out. Why do you keep changing the mag? IT'S PERFECT! Don't change it! My favorites are Trosley, Dewey and Ellefson. I think Hogg Ryder stinks. Tanya is stupid. I dig Unk'n' Them Varmints. I think you ought to have more of them. I think you ought to have more bikes in your book and more choppers. There is nothing like a really mean chopper cruisin' down the street. Hey, I entered two of your contests and never heard a thing! Next time, I want to win! Well, that's all for now, guys, keep up the super work!

Randy Gibson
Bangor, Maine

Chop her yourself, you brought her.

Dear CARTOONS: I want to know why you don't have more things about girls. We ride bikes and drive fast cars, but you always have boys driving. Why not a lady? When I get older I'm going to have the meanest, fastest, slickest car in the world. Krass and Bernie are my favorites, but why don't they have steady girlfriends? I loved Unk, but I'm sorry you can't have the strip in your mag

any more. Well, that's all, except put more girls in your mag and more contests, too.

Chris Lacey
Tuscon, Arizona

—Right-o... a liberated CARTOONS. Gotcha.

HEY GUYS! I think your mag is really neat. It's even more neat than my dog!

Bobby Kistman
Cincinnati, Ohio

—It certainly is a dog's world, Bobby

I think your mag is far out. I dig Camaro's and so does my big brother. He owns one and it can blow any Firebird off the street - standing still! I think Krass and Bernie are cool, but why don't they own a Camaro? "You Don't Have To..." is super - lets see more. The only one I don't like is Richard Stein. I'm glad you got rid of him. Tell Ellefson if he doesn't get this mag out sooner I'll come and beat his doors in.

Jim Stanley
Portsmouth, New Hampshire

—Will you huff and puff when you blow his doors in?

Dear Dudes: My mom says your mag costs too much, but I got it anyway. Why does your mag cost so much? I really like Fords and Funny Cars. You ought to do a whole mag on Funny Cars. When I grow up I'm going to be the big-gest Funny Car driver the world has ever known. Watch out! And keep the good work comin'.

David Hill
Roswell, New Mexico

—A 12-foot tall Funny Car driver. Now that would be funny.

To start with, your magazine is terrible (just kidding, ha, ha) (sigh). Well now that I've got your attention, I think your drawings are great and your humor, I've collected five CARtoons so far (that's right, you heard me, five. One has to start somewhere), and they're all funny. All I'd like to know is why didn't somebody tell me about your mag sooner? It looks like you might have to change the name from It's Your 13¢ to It's Your 15¢. About that Find A Word puzzle on page 8. Your said a word was misspelled. I've been racking my brains for days now and I can't figure out which word it is... could someone PLEASE tell me? Oh yeah, I may be a little late in saying this, but your new 98 page Best of CARtoons is great. More contests, drawing, and other stuff. Well, that's about it—I'm almost speechless....bye!

LARRY WALKER

Clay Paladin
Kent, Washington

—You said a heck of a lot for a speechless person. Have you thought about politics? They speech a lot and STILL don't say anything a lot of the time!

Howdee! I don't know how to start a letter, but I guess I'll start by saying I'm 12 years old and I like Big Rigs, Cars, and mostly 4WD's. I don't get very many of your mags because I'm usually broke, but when I do get them, I think they're great. I really liked your Summer '78 Best Of. Oh yeah, out here stamps aren't 13 cents anymore... they're 15 cents. Keep up the good work and try to squeeze some more posters in.

Eric Nordyke
Myrtle Creek, Oregon

PS. If you don't print this, that's ok.

—How about if we do? Thanks for the swell letter, Eric!

I am probably the first girl to write to ya! But since Woman's Lib, I am. I love your mag but I wish you would put something in about girls riding in Porsche's and Jeeps. And don't forget picking up guys!!! Please do this for me. I love ya all!

Lori Westcatt
Omaha, Nebraska

—Riiiiight. Porsche's and Jeeps. Pickup guys? Would you settle for?

Howdy from up here in igloo land (ha, ha). Not funny? Well, it gets better. Just a line or two to say. What keeps me buying your mag (from time to time) is Krass and Bernie. I really dig Its Your Fifteen Cents, too. I think its cool to hear what the other good buddies from both sides of the border have to say about your mag. Just one other thing... I have a bit of a hunch that Quick Irving does a bit more than he's credited for. Like maybe he makes the letters up? Well, I'll know for sure when the next issue comes out and my letter IS or ISN'T there.

Barrie Caldwell
Ottawa, Canada

—If you don't like me, why do you write in to my column. Try Ellefson or Erica next time. I'm too busy READING letters to WRITE them.

Hey, how about renaming this column "It's Your 13 cents/ 14 cents—Depending On Where You Live". They soak us for one cent more here to mail a letter. About your mag, well, it's ace, but I got a problem. I'm the only car freak around, so nobody else enjoys it. You were saying in your summer issue that you wanted more people to write in to this column and say anything... as long as you got more letters. Let me say this: MORE MOPAR, please! Everybody knows that they're the fastest and most beautiful machines around. The only other non-Mopar I can give credit to is the Trans Am. The 'Vette stinks..... Ouch! I don't know if it's too late to comment, but the paper Jeep was a cinch to make. All it takes is a bit of dexterity. Other than that, I have no comments. Keep up the good work

Russell Gagne'
Kenogami, Canada

—Why don't you send your name, address and such to our Corresponding Erica so we can get you some car buddies?

Hi! I'm 12 years old. I really dig your magazines. I've got 3 issues. I like Krass and Bernie. I like their high van and their three-wheeler. You guys know how to put a magazine together. I know how to draw real good engines. I really dug the September '77 ish. The front page. I don't get Brucker the Trucker's jokes. I really like "And We Don't Have To Tell You...". Also dig the IRON-ONS. But *MOST OF ALL* I really dig Hogg Ryder and K/B. I hope you guys print this 'cause it means soooooo much to me. And my siter, oh yeah, my sister likes your books too.

We at International Auto Sales enjoy reading your mag (when we can find it). I realize that you don't offer subs (shame, shame), but could you at least tell me when your issues come out. Ever since you came out with those giant 98 pagers you have mixed me all up! With apologies to M. Streff:

Errol Kovitch

—Sorry our schedule keeps changing. It's a part of the business called Magazineland. We'll tell you our schedule as we hear it, okay?

"The race is off!"

I really dig your mag. I really like Krass and Bernie and all of your big rigs. Lately I haven't been able to find your mag at all! What's going on?

Tana (Banana) Larch
Phoenix, Arizona

—We've been doing quarterly issues, so it may seem like we've disappeared, but we haven't! Stay tuned!

I think this magazine is the best, yet some uncommon punk wrote in a said it stinks. So does he. He can come up to Canuck land any time and we'll deck him out with a 2 x 4 OR a 4 x 4, which ever he have the keys to at the time. Oh, and you guys keep up the good work.

Chris D. Jaynor
Vancouver, Canada

—It takes all types, Chris. Thanks for writing in.

Just picked up your Fall '78 ish and really loved it! But ya made one little problem. 1.) You let a girl draw some of your CARTOONS, and she BLEW it! In the last ish she draw one up, a "Sidney Feller"? Well, she had "Candy" driving a Corvette Stingray. Now she got to Sidney's house and, Low and Behold, she opened up the trunk. Now all you "guys" out there know, STINGRAYS DON'T HAVE TRUNKS. I'm sure this was just an oversight and your editors will not miss it again, right? Well, I hope not. Aside from that little mistake, you guys got a great mag and I'm one guy who's gonna keep on reading as long as possible!

Jerry Meek
Houston, Texas PS. Send Sherri to the showers!

—Part A.) Candy has a custom trunk. You own your Corvette, she'll own hers. No one says you can't cut and hinge sheet metal. As well, we don't consider gender when it comes to artists, only ability. A lot of other folks like Sherri just fine, so I think you'd better be the one off to the shower. Make it a cold one.

I have a complaint to make about your mag. If you want to put it in It's Your 15 Cents... or maybe your I.Q. will cause you to put it in the Side Show section. I don't care. I'm in the military overseas in Germany. Being overseas the mail is slow... being in the military it is even slower. Anyway, I just received (bought) a Spring '78 CARTOONS mag with a super Krass and Bernie iron-on. Well, the iron on wasn't there. What I would like to know is, will you either send me an iron on or refund my money (\$1.95)? An answer will be welcome.

PFC Thomas G. Kuhlman
Weisbaden, Germany

—Send us your full address, the bad mag copy and a reminder about why you're sending it. Usual address: c/o Petersen Publishing, 8490 Sunset Blvd., LA, CA 90069 USA. Send to the attention of Rachel the Office Elf. We'll get you a good copy instantly, if not faster.

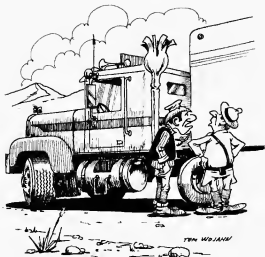

Just droppin' a note to say "Your Mag is Tops!" I started reading CARTOONS three issues ago, and now I'm hooked. The van and 'Vette contest is my first, but I plan to enter all the future ones. Keep it cool, gang!

Scott "The Hawk" Hawks

—What a catch! Thanks muchly, Scott!

"I'm glad they took out those guard rails... I used to scuff up my white walls on them."

"Some joker dropping bowling balls off of overpasses."

I had my first CARtoons mag when I was a little squirt in first grade. I think your mags are a "BIG GAS", and I just love that iron on in your Fall '77 edition. I think you should have more of those in your books. I especially like your "VETTES' VANS" and "STREET RODS". I think they're all a "BIG GAS" too, and that Krass and Bernie crack me up. I sure learned lots of unny facts about cars and vans. One of these days I would like to become an artist for CARtoons so other kids could laugh their "Asses" off.

Rolando (alias Rolo) Acosta
Saginaw, Michigan

—Unleaded to you too, man.

Hi friends! I'm really glad you guys and gals are gettin' yourself together on the publication of CARtoons. It's really turnin' out super. I would like to congratulate Ms. Kerri on a fantastic opening of her new career... really loved "Ode to a 'Vette". I really like your iron-ons but I'm running out of clothes to put em on! You guys gotta do sumptin' about subscriptions. I'm 6'2", 250 pounds, and I look pretty silly walking out of a store carrying a CARtoons magazine! Cashiers are startin' to giggle when they're ringing it up. I gotta tell ya, K and B are just great. I love Krass' car, hope he doesn't sell it. Generally I liked FALL '78 but I didn't understand the Threadhead Family. Sorry Plesko. But one consolation... the crossword was definitely worth the time to

do it. What happened to Wheel People? Tell Mr. Austin his Roll is "Touch of Class" marvelous. CARtoons museum got me thinking (trouble)... when did all this fantasticness come about? Hopefully you can answer some of my questions. Carspotters, please. Your loyalist and most truly devoted crazy,

How about another Big Rig issue? Do you have Back issues? If so, how much do they cost? I would like to buy the July '76 issue. That's all for now. Bye.

Last issue we ran a note about side show entries. We are receiving more than we could possibly print. Please keep in mind that your drawing should be done in a good black line. Light pencil or colored art is out. Try to keep all art so that it will fit into roughly one half of a CARtoons page. Most important is that you put name, address, state and zip on the back of your art. You may enter as many times as you like, but we are always on the look out for new people. Let's see your soon.

HALLWAY

Hey all you fans of the skateboard, listen up. CARtoons magazine has decided (out of the goodness of our pea pickin' lil' hearts) to have a skateboard contest. Just what kind of contest you might ask? We really can't turn Petersen Publishing into a skateboard park and invite all readers, now can we? So, what we will do is what we always do. Ask you to design the World's wildest skateboard. It can be anything that your mind can conceive. Don't let the mere fact that a skateboard is really a piece of wood with wheels stop you. Ah, think of the possibilities. Let your imagination go and let's see what you can come up with.

Make sure that your drawing is done with a good black line (no color please) and that your name, address, state, zip is on your art. The winners will receive a nice little money prize.

MMM... NO... TOO INHUMANE!

CHAIN SAW (SYMBOL OF MURDER)

AFTER DISCUSSING THE PLAN, THE OFF-ROADERS TOOK OFF TO COLLECT THE NECESSARY EQUIPMENT...

... AND GATHERED AT MIDNIGHT AT THE SCENE OF THEIR FORTHCOMING RETALIATORY ACT... THE BRIDGE OVER THE VERY TREACHEROUS, 800 FOOT DEEP, SHIVER RIVER GORGE!

BUILT ENTIRELY OUT OF LOGS AND PLANKS, THE BRIDGE WAS EASILY SAWED FROM ITS FOOTINGS...

AND CHAINED TO A TRAIN OF 4-WHEELERS ON EACH SIDE OF THE GORGE!

NEXT MORNING, TROGG AND DOGG WERE AMAZED TO FIND THE ROADS CLEAR!

THIS IS GREAT!
DO YOU SUPPOSE WE'VE
BUMPED OFF THE LAST
OF THESE GEEKS?

LOOKS
SUSPICIOUS TO
ME, TROGG!

YOU'D BEST SLOW DOWN,
TROGG! THAT'S THE SHIVER
RIVER BRIDGE UP AHEAD!

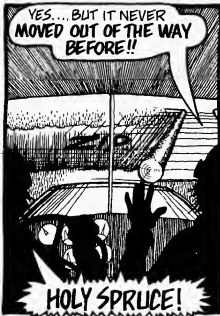

AW.... I BEEN OVER THIS
BRIDGE A THOUSAND TIMES....

HEY! WHY ARE THERE
CHAINS ATTACHED TO
THE BRIDGE?....

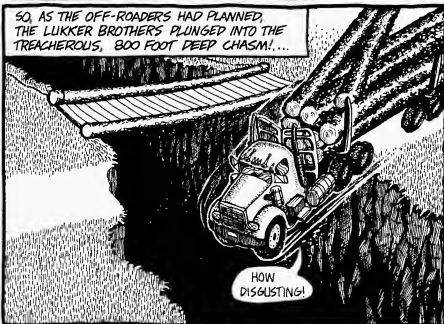

...TOOK IT AT 80 MPH
WITH NO PROBLEM....

YES... BUT IT NEVER
MOVED OUT OF THE WAY
BEFORE!!

HOLY SPRUCE!

SO, AS THE OFF-ROADERS HAD PLANNED,
THE LUKKER BROTHERS PLUNGED INTO THE
TREACHEROUS, 800 FOOT DEEP CHASM!....

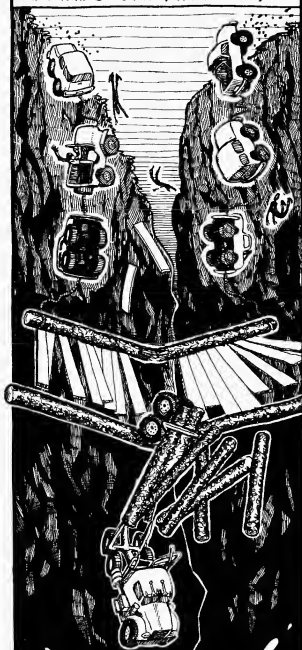

HOW
DISGUSTING!

BUT AS THE RIG FELL, THE
REAR WHEELS OF THE TRAILER
HOOKED THEMSELVES OVER THE
SIDE OF THE BRIDGE!.....

GRUNJ

... COLLAPSING THE BRIDGE AND PULLING THE ENTIRE BUNCH OF 4-WHEELERS IN, TOO!

FOR A MOMENT AFTER IMPACT, ALL WAS QUIET...

AND THEN, AS THE AMAZINGLY UNINJURED MEN FLOATED TO THE SURFACE.....

GLUB: HEY! THIS IS FUN! I'M GONNA SELL MY 4x4 AND BUY A BOAT!

YEAH! I BETCHA US LOGGERS COULD FLOAT LOGS TO THE MILL ON THE RIVER... AND SAVE FUEL!

WONDERFUL! I'M TIRED OF MOUNTAIN ROADS, ANYWAY!

SO TODAY THE BACKROADS OF WETWASH WILDERNESS ARE CLEAR OF CONTENTION! BUT IF YOU'RE EVER NEAR THE SHIVER RIVER GORGE, YOU'LL KNOW WHERE IT ALL WENT!

TOO MANY BOATS!

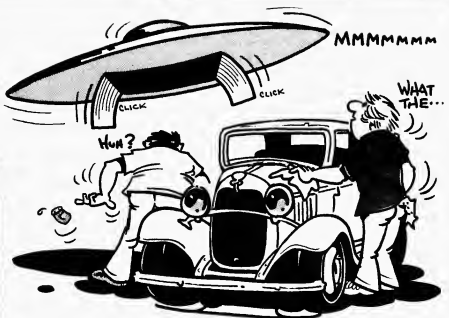

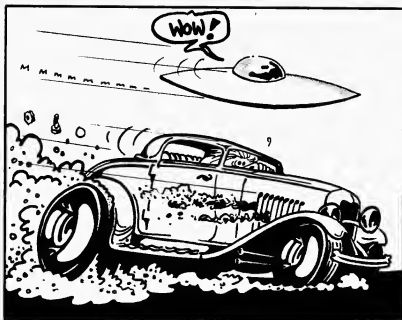

TOO MANY LOGS!

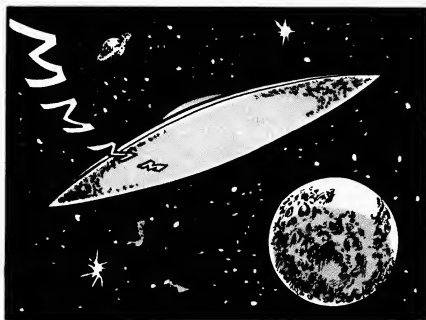

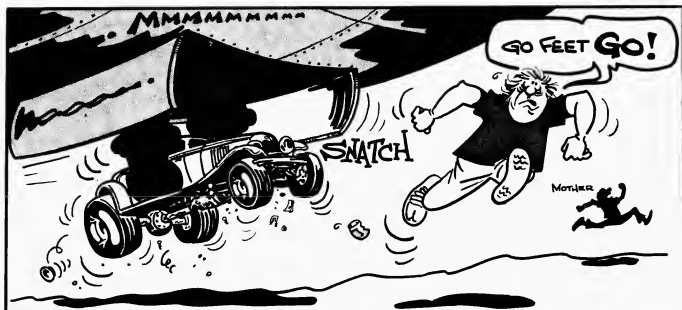

GET OUTTA MY WAY, TURKEY! I GOTTA GET THESE LOGS TO THE MILL!

HEY! CAN'T A GUY FISH!?

HOW WOULD YOU LIKE A WATER SKI UP YOUR NOSE?!

OH, FOR THE GOOD OLD DAYS, WHEN THERE WAS NARY A BOAT ON THE RIVER!

CARTOON'S "RATE YOUR TOWN'S TRAFFIC CONDITIONS" QUIZ

by
Bruce Glover

Do people in your town hide behind mailboxes to get away from drivers? Does the Chief of Police have a live-in psychiatrist? If you answered "Yes" to either of these questions, you can do one of two things—say, "I don't worry, New York City's worse," or take the following quiz and see just how your town does rate on traffic conditions!

1. Police officers in your town are:
 - A. Imperial Stormtroopers
 - B. Green Berets
 - C. Keystone Kops
2. Pursuit Vehicles are:
 - A. Tiger tanks
 - B. 4x4 pickups
 - C. Pogo sticks
3. During tourist season, your town is used for:
 - A. Training grounds for Grand National Championship Bumpercar Play-offs
 - B. Weekend maneuvers for the National Guard
 - C. Defensive Driving School field trips
4. Life insurance policies are:
 - A. Not available
 - B. Handled by Lloyd's of London
 - C. Necessary to cross the street
5. Most people think the yellow light means:
 - A. Time to drop below 70 mph
 - B. Drive like heck—it's about to turn red!
 - C. Time to test the emergency brake
6. Do crosswalk lights say: Walk; Don't walk; and Run!
7. Do stoplights read: Stop; Go; and Proceed at own Risk?
8. Do you get victory flags and bonus points for hitting a pedestrian?
9. Do Hollywood stuntmen train in your streets?
10. Is there a sign at the city limits that says: "Abandon all hope, ye who enter here"?
11. Do they film chase/crash films in your city streets without the aid of stuntmen?

12. Does the undertaker also own the local gin-mill and get most of his business from the streetsweepers?

13. Is the town drunk also the Traffic Judge?

14. Does the Army use your town as a tank test track and survival course?

Now for scoring. For questions 1 through 5, score 5 points for each "A" answer, 3 points for each "B" answer, and 2 points for each "C" answer. For questions 6 through 14, score 3 points for a "No" answer and 5 points for a "Yes" answer.

Now add up your points and check the chart below for your rating.

53—70 President Carter should declare your town a disaster area.

37—52 Stay indoors (maybe the walls will slow them down.)

36—0 Your town's perfect—of course, since perfection is impossible, so is this score!

SUZANNE SUZANADANA

TELLS AN AUTOMOTIVE - ORIENTED, SOMEWHAT CONVOLUTED LUV STORY.....

Hi! I'm Suzanne Suzanadana and I wanna tell-a you about this-a wild and crazy guy from my neighborhood. Ya know, one-a day he was-a just sitting on his-a front PORSCHE, looking at all-a the animals, like-a the PINTOS, the COLTS, the MUSTANGS, the IMPALAS, the RABBITS, the COUGARS, and the MAVERICKS. There were even some THUNDERBIRDS, BEETLES, and a few SKYLARKS buzzing around. He could-a see it was a real-a jungle out there.

Well-a, he FIAT bad because it had been a MONZA since he was in-VOLVO with a girlfriend, even-a though he was a MAZDA of romance-a. Everyday-a two little-a neighborhood girls-a would run-a by and say to him, "OOH, ISH!!! You make us want to BUICK!!" He was FURY about this-a and would-a throw a DART at them, but they would-a DODGE it everytime-a. Once he saw their VOLKSWAGEN their fingers up and down at-a him for attacking-a the little girls-a like that, and he had to SPRINT away from-a them all-a.

Anyway, this-a one day a real RAMBLER girl-a cruised by. "Hey, HONDA," he screamed, "you right on-a TARGA. CAMARO, I like to get in-VOLVO with-a you!" "When-a?" asked the sexy and RAMBLER girl. "Right-a now," he hollered. "DATSUN?" she ask-a him. Well-a, she wait around-a for a few minutes. Then-a he said, "C'mon HONDA, I'll-a let you PLYMOUTH my TOYOTAS." So, she figures, he's a little AUDI, but-a finally she says-a "O.K. DUSTER, I kinda take a LINCOLN to you too." "Holy CHRYSLER," thinks my wild and-a crazy friend, "this-a chick is a real-a ANGLIA from-a heaven. She'll-a be a real-a CHALLENGE to me."

"What's-a you name, HONDA?" she asks— her. "I'm-a MERCEDES," she says. "Hey, MERCEDES," says my wild and-a crazy friend, "how about we make a date for tonight? We'll-a go out-a for DESOTO. O.K.?" MERCEDES tells-a him, "I never had DESOTO before. It's-a good?" "Hey, TRIUMPH, you'll-a like em," he says. "C'mon, MERCEDES, we'll-a have a SEVILLE time." "O.K.," she tells-a him, "pick-a me up at eight o'clock-a. You got it?" "I got it," says my wild and-a crazy friend.

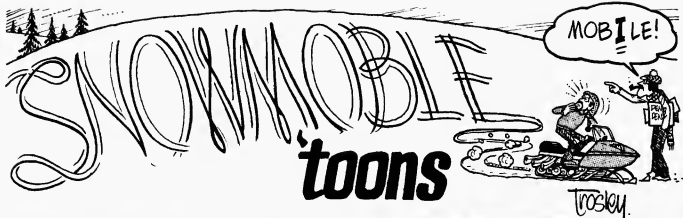

Well-a, he goes inside the house-a and-a gets himself all dolled up. You know, he-a combs his-a hair with about a half a quart of Pennzoil, and-a he sprays himself with-a this real-a heavy aftershave stuff. "Wowee," thinks my wild and-a crazy friend, "I'm-a just plain irresistible." So off he goes-a down-a the sidewalk singing VOLARE at-a the top of his-a lungs.

At eight o'clock sharp-a MERCEDES hears a knock and felt-a sure it was him MATADOR. She wasn't quite ready so she sends her sister, Bonne, to answer the knock. Then, fate DELTA terrible blow! The second my wild and crazy friend lays-a his eyeballs on Bonne, he falls-a madly in-a LUV with her. Bonne invites-a him in and-a puts on some Mick JAGUAR music while-a he waits-a. Pretty quick-a, out comes-a MERCEDES from-a the bedroom-a. "PEUGEOT," she says-a, "something-a stink! What-a kind shaving-a lotion you got anyhow, Aqua VOLVO?"

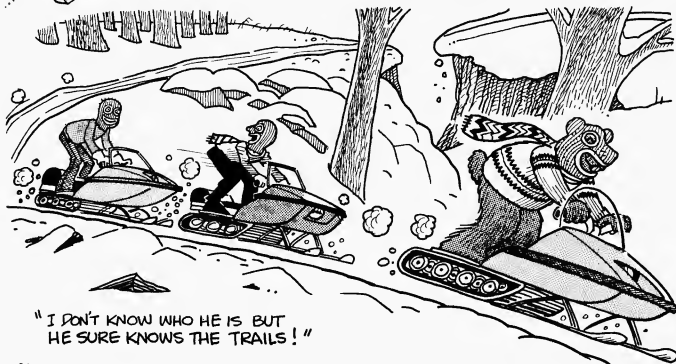

"Hey, MERCEDES," says my wild and crazy friend-a, "I wanna METEOR sister." MERCEDES introduces him-a to Bonne and then says-a, "C'mon, I'm-a ready for DESOTO." But my wild and-a crazy friend says, "Hey, MERCEDES, LOTUS alone!" and-a he keeps on-a rapping with Bonne. So, MERCEDES, she gets a little-a FURY, and gives him a CHEV out the door-a. But, on-a the way to DESOTO Shop, my wild and crazy-a friend is-a trying to think of-a ways to get rid of MERCEDES.

He-a decides to pretend-a he can't-a FORD to pay for DESOTO. So when-a the guy comes-a to collect, my wild and crazy friend says-a real loud-a, "Hey, how-a much you gonna CHARGER for DESOTO?!" Well-a, poor MERCEDES BENZ over, just-a NASHing her teeth and-a holding her-a stomach and hollers, "You make-a me CIVIC! Now, I gotta VALIANT headache and-a if I don't-a get an ASPEN, OMNI gonna BUICK all over you-a!" Well-a, this gives my wild and-a crazy friend a real-a case of the WILLYS, and he right away tells-a MERCEDES he can-a FORD to pay for DESOTO after all. "I NOVA meant-a to make-a you CIVIC," he tells-a her. But secretly he thinks-a to himself-a, "Wow, man, CADILLAC better than girls do!"

Anyhow, AVANTI you all-a to know-a that everything TORANADO allright-a, cuz those-a two chicks were-a SUPER SPORTS, and-a even though MERCEDES won't-a date my wild and-a crazy friend anymore, her sister BONNEVILLE.

"SURE I'M WARM BUT WILL YOU PUT ME ON MY SNOWMOBILE? I CAN'T MOVE!"

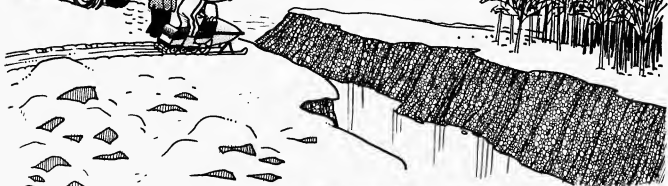

"I DON'T KNOW WHO HE IS BUT HE SURE KNOWS THE TRAILS!"

"SOMEHOW... CLUB T-SHIRTS
DID **SOUND** LIKE A GOOD IDEA."

"OVER THE RIVER AND
THROUGH THE WOODS!"

Are you into drawing and writing about cars? We get a lot of mail in which many of our readers send along little drawings of cars, etc. It started us thinking, why not have a page in each issue that is devoted to just that, readers who have a latent talent in cartooning and writing. So, if you feel that you would like to write and draw a one page story (as we see below) send it along and if it is funny and the idea comes across we'll use it and pay a big \$25.00 for each one used. This new feature we'll be called CARTOON'S READERS GALLERY. Send your submissions to our usual address, 8490 Sunset Blvd. Los Angeles, Ca. 90069

RULES:

1. To see who starts first, each player throws the dice. The highest number goes for it.
2. Each player takes a turn throwing the dice and moves ahead the number of squares indicated.
3. Players must obey the instructions written on the squares.
4. When a player gets within six squares of GLAMIS, he must roll exactly the right number to win the game.

OFF ROAD WALKER

Perrier water . . . Perrier water."

"I've got a feeling that this is one of my off days."

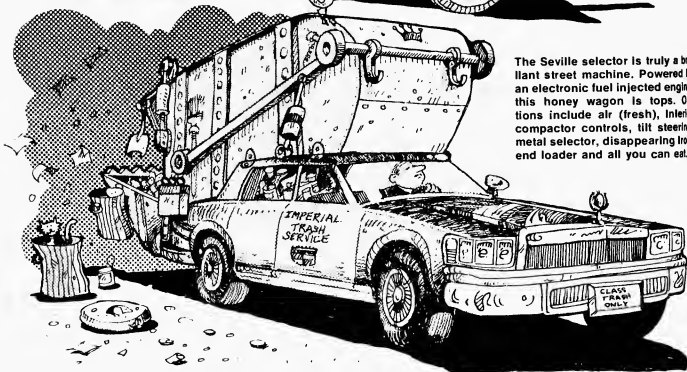

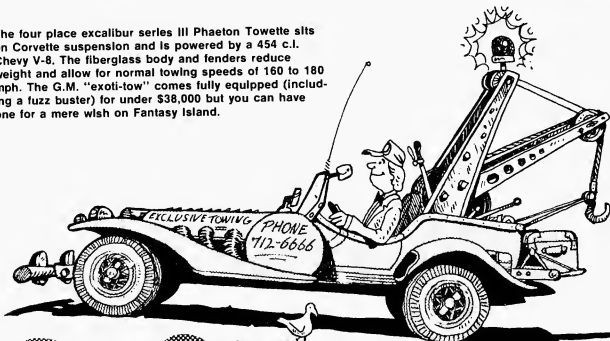

"I got a warning for speeding through the reservation."

Feast your eyes on these super-service vehicles designed specially for guests of Mr. Roarke and Tattoo, the omnipresent hosts of Fantasy Island by artist Forrest Plesko.

FANTASY

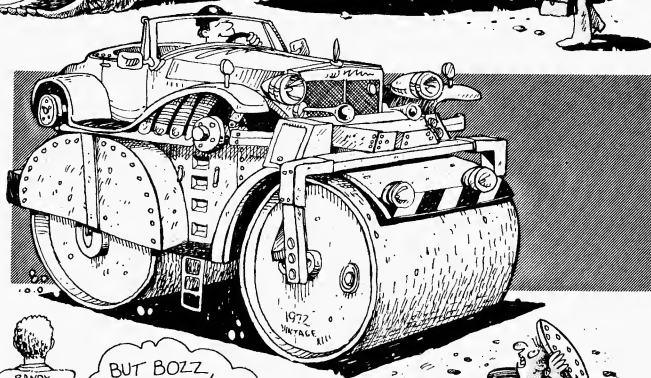

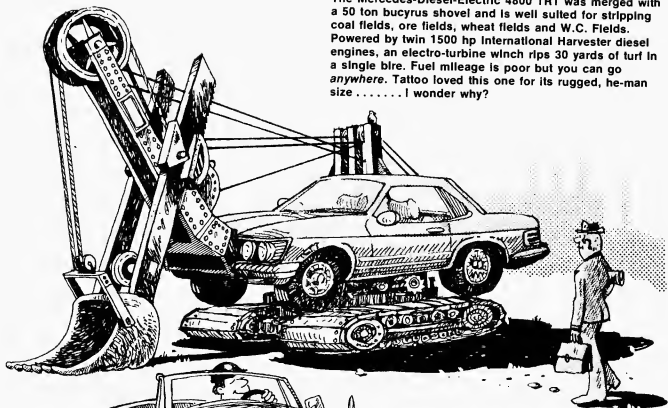

FLEET! BY: PLESKO

The four place excalibur series III Phaeton Towette sits on Corvette suspension and is powered by a 454 c.i. Chevy V-8. The fiberglass body and fenders reduce weight and allow for normal towing speeds of 160 to 180 mph. The G.M. "exoti-tow" comes fully equipped (including a fuzz buster) for under \$38,000 but you can have one for a mere wish on Fantasy Island.

The Seville selector is truly a brilliant street machine. Powered by an electronic fuel injected engine, this honey wagon is tops. Options include air (fresh), interior compactor controls, tilt steering, metal selector, disappearing front end loader and all you can eat.

The Mercedes-Diesel-Electric 4800 TRT was merged with a 50 ton bucyrus shovel and is well suited for stripping coal fields, ore fields, wheat fields and W.C. Fields. Powered by twin 1500 hp International Harvester diesel engines, an electro-turbine winch rips 30 yards of turf in a single b're. Fuel mileage is poor but you can go anywhere. Tattoo loved this one for its rugged, he-man size I wonder why?

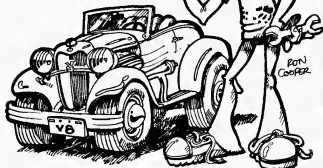

A relative newcomer, the client smoother, is a two passenger roadster constructed on a euclid chasis. A highly modified British-Leyland body has been skillfully camouflaged with sweeping fiberglass fenders and steel hood. Powered by a 1250 h.p. Allis Chalmers D-9 Diesel Deluxe, the smoother rolls our at 7 K.P.H. Only one will be built at a cost of \$62,378.47. However, it costs another \$1,753,682. To fill the twin rollers with 18,000 gallons of Mr. Roarke's favorite ... Dom Perignon.

CARTOONOGRAPHY

STEVE AUSTIN

Here I am testing spacecraft for NASA at Edwards AFB.
(official photograph)

Yes, that's my real name, and no, the figure wasn't six million dollars. It was more like six-bits for aspirin and black coffee! No one can run 60 mph! The official clocking was 55:987 mph at 467 feet elevation with a three- to five-knot crosswind. Road conditions were clear and dry. It was also in a posted 30-mph zone, and the arresting officer wasn't impressed that I had no car! He wrote me up for speeding anyway.

Raised in California, it's natural to be a little goofy on the subject of wheels! I attended school for the usual number of years and compulsively drew pictures of cars, no matter what subject was being taught. At graduation ceremonies the school bestowed upon me one of their highest honors: "Absolutely Untrainable."

After a hitch in the Air Force and several years of honest work, I decided to become a cartoonist. At first it was frustrating trying to sell my drawings, but I had the good fortune to meet the greatest cartoonist-artist of them all, Dave Deal. He said "keep trying," or was it "give up"?

Anyway, I took some drawings to another fine cartoonist-artist-editor, Dennis Ellefson. I discovered that Dennis and I had gone to high school together. Dennis said that if I promised not to tell anyone we went to the same school, and that if I would quit running around his office in slow motion, he would buy some of my drawings. I'm married to a very artistically creative lady, and we have two children who love to draw. I've owned a wide variety of pre-WW II Fords (6) and later model Chevys, Fords and MoPars (about 12). These days we drive foreign econo-box stockers. But I've got my eye on this neat little roadster and . . .
